BACKGROUND NOTE

Fifth ASEAN Inclusive Business Summit 2022

BACKGROUND AND RATIONALE

1. The Inclusive Business (IB)¹ agenda was introduced in ASEAN in 2017 through a call by the ASEAN Leaders for greater emphasis on creating an enabling environment for IB. Since then, ASEAN has progressed in promoting IB in the region, having organised four (4) ASEAN Inclusive Business Summits, hosted by the Philippines, Thailand, ASEAN Coordinating Committee on Micro Small and Medium Enterprises/ ACCMSME with the support of United Nations Economic and Social Commission for Asia and the Pacific (ESCAP), and Brunei Darussalam, respectively. Further, the ASEAN Economic Ministers (AEM) endorsed the Guidelines for the Promotion of Inclusive Business in ASEAN² during the 52nd Meeting in August 2020.

2. Since the introduction of IB in ASEAN, Cambodia, through the Ministry of Industry, Science, Technology and Innovation (MISTI) has been at the forefront in championing IB at both the national and regional levels. In 2021, Cambodia has prepared a strategy for a better “enabling environment for Inclusive Business in Cambodia” (the IBeeC) and is currently implementing IBeeC under a multi-stakeholder approach, coordinated by the IBeeC Secretariat in MISTI Cambodia. Under Cambodia’s ASEAN Chairmanship in 2022, The Royal Government of Cambodia, through the Ministry of Industry, Science, Technology and Innovation (MISTI), committed to host the **Fifth ASEAN Inclusive Business Summit** (hereinafter referred as “Fifth IB Summit”).

STRATEGIC OBJECTIVES AND SCOPE

3. Aligned with the theme of Cambodia’s Chairmanship of ASEAN 2022 (“**ASEAN A.C.T: Addressing Challenges Together**”), the motto of the Fifth ASEAN Inclusive Business Summit will be “Together ASEAN IBee³”. The Fifth ASEAN Inclusive Business Summit will focus on supporting the implementation of the Guidelines for the Promotion of Inclusive Business in ASEAN, particularly on **IB investments incentives** policy instrument and its support mechanisms. To this end, the Fifth ASEAN Inclusive Business Summit will:

- (a) review the progress made in promoting a better enabling environment for IB enabling environment (IBee) in the various ASEAN countries and globally;
- (b) discuss opportunities for collaborating on policy promotion instruments such as business coaching, accreditation, impact monitoring and joint reporting, and risk reduction financing;

¹ Inclusive Businesses (IB) are commercially viable private sector business lines that create systemic scaled-up, innovative and systemic solutions for the relevant income and living standard problems of the poor and low-income people (the BoP).
